### **ABOUT CATCHON**

CatchOn is an expansive data analytics tool that compiles real-time data on every school device, enabling districts to make data-informed decisions about the apps and online tools their educators and students are using, both at school and at home. In 2018, CatchOn joined forces with ENA, a leading provider of comprehensive technology solutions to education institutions and libraries. Collectively, CatchOn and ENA leverage their respective resources and expertise to deliver critical services and solutions that help school districts produce positive outcomes in the communities they serve.
